

Rutland™
Seating

Rutland

Height-adjustable stools and perches promote the comfort and health benefits of changing postures throughout the day. Use low stools for quick conferencing in classrooms, offices or patient exam rooms. Taller options fit perfectly into today's sit-stand environments and for short-term counter-height seating.

Cover: Rutland Perch with HBF Folded Lines 973-10 Fabric
Left: Rutland Stool with Architex Serendipity Wildfire Fabric
Right: Rutland Perch with Architex Serendipity Crabapple Fabric
